

Steel

AMEX NOOTER offers a full array of services to the Steel Industry. This includes skilled and experienced craftsmen and professional project management in the fields of pipefitters, millwrights, boilermakers, ironworkers, carpenters, operating engineers, teamsters and laborers. We can handle just about any type or size of job from maintenance to capital projects. We review each project from the start and select the most appropriate individuals that have steel plant experience. Then we check how we may be able to save our client time and money on the project, share this with the client and proceed accordingly.

Whether you have a simple trouble shooting problem, a Government mandated project, or a major equipment and instrumentation installation, AMEX NOOTER will deliver on schedule and on budget. In an outage situation, we plan every activity to perform round –the-clock work to meet the client’s timetable.

Call us today so we can talk about how we can help you!
